# *Executive Summary*

## Missouri Department of Social Services

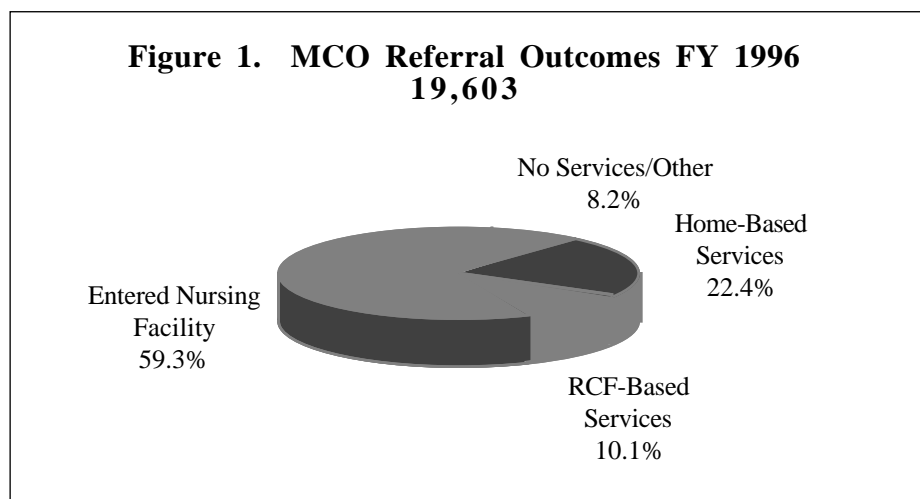

The Department of Social Services was created in 1974 to serve as an umbrella agency, coordinating programs to provide public assistance to children and their parents, access to health care, services to the elderly and specialized assistance to troubled youth. While many programs give needed financial assistance and services, others work to strengthen families and to move them from dependency to self-sufficiency.

The Director of the Department of Social Services (DSS) is responsible for the overall administration of programs within the department and determines priorities and initiatives for the agency. There are five program divisions within DSS responsible for assisting Missouri's most vulnerable citizens: Division of Aging, Division of Child Support Enforcement, Division of Family Services, Division of Medical Services and Division of Youth Services. There are four administrative support divisions within the department: Division of Budget and Finance, Division of Data Processing, Division of General Services and Division of Legal Services.

The purpose of this report is to provide information about the dollars spent and the number of people served by DSS programs during fiscal year (FY) 1996. Where appropriate, information is compared with prior fiscal year data to display trends. This report is meant to present summary data, not to be an audited account of expenditures.

### *Division of Aging*

- Over 41,000 elderly persons and disabled adults were authorized to receive home and community based services during FY 1996, an 8.7 percent increase over FY 1995. The majority of clients were authorized to receive personal care and homemaker/chore services. [Table 3, page 20]
- During FY 1996, 19,603 Missouri Care Options (MCO) referrals were received by the Division of Aging's Central Registry Unit, an 8.5 increase from FY 1995. Upon screening, 4,399 of the persons referred were authorized to receive home-based services; 1,983 were authorized for care in a residential care facility (RCF); 11,619 persons chose or needed the care of a nursing facility; and 1,602 did not receive services funded by MCO appropriations. [Table 4, page 22]

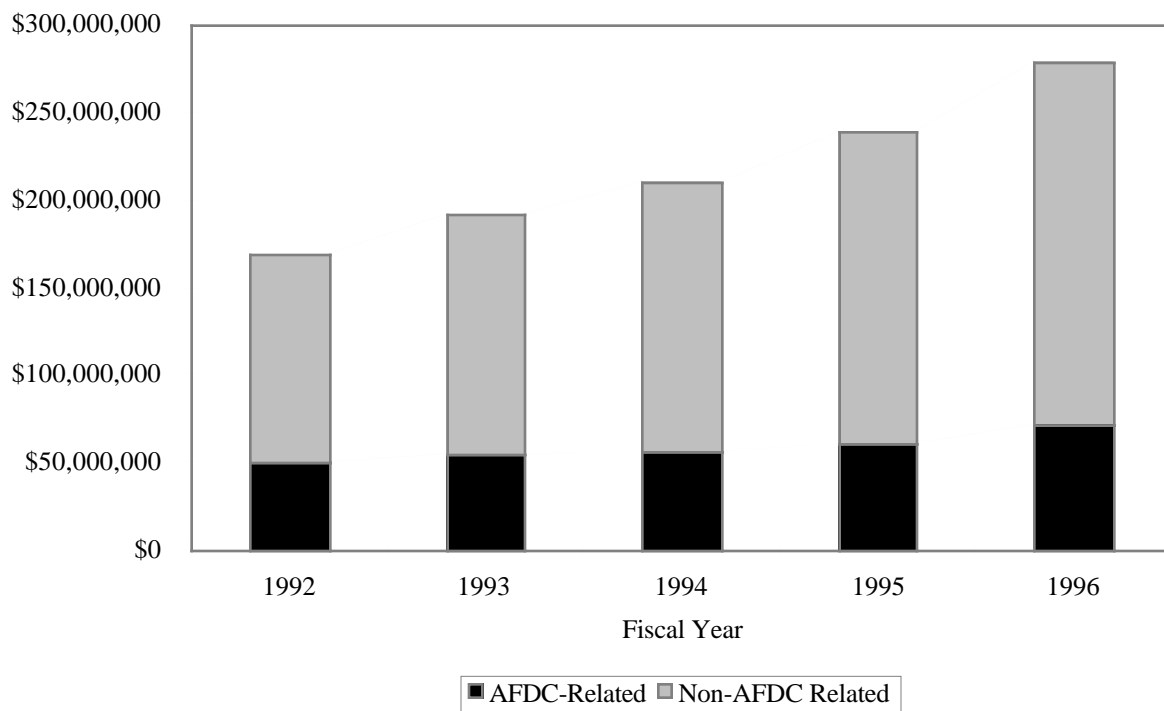

- Division of Aging social workers investigated 10,618 reports of elderly abuse, neglect or exploitation during FY 1996, a 3.6 percent decrease from 1995. Upon investigation, three-fourths of reports found the abuse, neglect or exploitation to be reason to believe or suspected. [Table 5, page 24]

### ***Division of Child Support Enforcement***

- Between FY 1992 and FY 1996, Division of Child Support Enforcement total collections increased from \$138.6 million to \$279.4 million and the total number of paying cases increased from 111,493 to 156,457. During FY 1996 there were 417,564 total cases of which 48.5 percent or 202,538 were related to cases of Aid to Families with Dependent Children (AFDC). [Table 6, page 30]

In addition, diversion projects provided services to over 1,978 youths referred to participating juvenile courts.

## ***Division of Aging***

615 Howerton Court

Jefferson City, Missouri 65109

Telephone: (573) 751-3082

The Division of Aging was created within the Department of Social Services by executive order on October 1, 1979. It serves as a central agency to coordinate all matters relating to the lives of older Missourians. Among its goals for Missouri seniors are to improve their quality of life, assure the maintenance of personal dignity and protect their basic rights. The Division of Aging promotes public awareness of the needs and abilities of older persons, and individual freedom among older residents to allow them an opportunity to live safely and independently in their own homes.

The division's services include the home and community services program which provides support for persons ages 60 and older and disabled persons between the ages of 18 and 59, all of whom live at home; adult protective services, which provides immediate assistance to older persons and handicapped adults who encounter abuse, neglect or exploitation; and the institutional program which safeguards residents in long-term care facilities.

As part of the division's home and community services program, Missouri Care Options addresses the long-term care needs of Missouri's citizens. It gives individuals who are considering nursing home placement a range of options about the type of care and care setting that is best for them. MCO offers persons residing in nursing homes the option for home and community services if they choose and if they qualify for lower levels of care. Information about the program is available by calling the Division of Aging's toll-free number, 1-800-235-5503.

The Division of Aging is also committed to safeguarding the health and protecting the rights of residents of long-term care facilities. Division staff inspect and license facilities, and respond to complaints of abuse and neglect. Utilizing specially trained volunteers, the Long-Term Care Ombudsman program offers a way for nursing facility residents to voice their concerns and have their complaints addressed. Ombudsmen work with residents, family members and staff to maintain or improve the quality of life of nursing facility residents.

In October of 1980, the Division of Aging established the Central Registry Unit (CRU) to screen and refer reports of elder abuse and neglect through the statewide hot line. The CRU currently handles calls regarding elder abuse, neglect and financial exploitation; regulation violations in facilities licensed by the division; MCO screening referrals; referrals to other agencies; and requests for information. The CRU abuse and neglect hot line operates year round, 24 hours a day and may be reached at 1-800-392-0210.

## ***Division of Child Support Enforcement***

227 Metro Drive

Jefferson City, Missouri 65109

Telephone: (573) 751-4301

The establishment of a child support enforcement program was mandated by Congress in 1975 and became operational in Missouri in 1977. In 1985, the Division of Child Support Enforcement (DCSE) was established by executive order. DSCE helps parents establish paternity for children born out of wedlock; establish orders for child and medical support; enforce child, spousal and medical support orders; and modify support orders.

The division serves both the custodial and non-custodial parent. It automatically provides services to custodial parents of children who receive Aid to Families with Dependent Children and Medicaid. Parents of children who do not receive either AFDC or Medicaid benefits are also eligible for the division's services and may apply at any DSCE office or call Customer Relations at 1-800-859-7999 for more information.

The child support enforcement program is administered from the Jefferson City central office, with the bulk of the responsibilities carried out at the local level in a cooperative effort with prosecuting attorneys and circuit clerks.

Jefferson City, Missouri 65109

Telephone: (573) 751-3221

The Division of Family Services (DFS), established in 1974 with the creation of the Department of Social Services, is responsible for the administration of public assistance and children's services programs. DFS maintains an office in each county throughout the state and in St. Louis City. Each county office also has a family services commission which serves DFS in an advisory capacity, helping to assure that DFS programs remain sensitive to the needs of clients as well as provide public access for input at the county level.

DFS administers federal- and state-funded programs that provide a range of services to Missouri's eligible children, families and individuals. Four principal program units coordinate the distribution of services: the Income Maintenance section administers financial and medical assistance programs; the FUTURES program provides employment and training to persons receiving Aid to Families with Dependent Children; the Children's Services section administers services to children and their families who need help because of child abuse or neglect or may need other services such as counseling, foster care or residential treatment; and Rehabilitation Services for the Blind administers programs to serve blind and visually impaired individuals.

In determining eligibility for public assistance programs, DFS considers the applicant's earning capacity, income and resources. This determination is basic to the granting of AFDC, Blind Pension, Food Stamps, General Relief, Supplemental Aid to the Blind, Medical Assistance and Nursing Care benefits.

Children's services programs are provided under federal and state laws to help each eligible child and family attain and maintain a maximum level of personal and social functioning. DFS is legally mandated to provide services in two broad categories: child abuse and neglect investigations and treatment services for children and their families.

The DFS Central Registry Unit accepts confidential reports of suspected child abuse or neglect. The hot line is answered seven days a week, 24 hours a day and may be reached at 1-800-392-3738. DFS also operates a Parental Stress Helpline which is available for parents who feel overwhelmed with parental pressures and responsibilities. This helpline operates seven days a week, 24 hours a day and may be reached at 1-800-367-2543. Children's Treatment Services are available for the prevention of child abuse and neglect and for treatment of abuse and neglect victims. Treatment services are intended to re-establish or to keep children in their own homes.

The Division of Medical Services (DMS), established in 1985 under the Department of Social Services Reorganization Plan, administers the Missouri Medicaid program authorized under Title XIX of the Social Security Act and enacted by state legislation. Professional and technical consultation is received from a medical advisory committee and subcommittees.

Medicaid is a program of medical assistance for the poor jointly funded by state and federal funds. Its goal is to provide health care for needy individuals through payment to providers of medical goods and services. In addition to reimbursing vendors for the provision of services, DMS also pays insurance premiums, deductibles and co-payments for certain aged and disabled Medicare beneficiaries.

Major services provided through the Medicaid program include inpatient and outpatient hospital services; nursing home care; physician and pharmacy services; laboratory and x-ray; home health; audiology, dental, optometric and podiatry; ambulance services; adult day health care; personal care services; nurse-midwife, nurse practitioner services; hospice services; case management services for pregnant women and children; durable medical equipment, orthotic and prosthetic devices; and ambulatory surgical centers.

The Division of Medical Services also administers the Healthy Children and Youth program, a comprehensive medical program focusing on primary and preventive services for individuals up to age 21. Through the program, children receive medical, hearing, dental, and eye examinations; appropriate laboratory tests; immunizations; lead screens; and referral for follow-up care for evaluations of problems detected during a screen.

The Division of Youth Services (DYS), established in 1974 with the creation of the Department of Social Services, provides a range of services to youths who have been committed to DYS by the juvenile court system and are in need of rehabilitative and educational services. Chapter 219, RSMo further defined the responsibilities of DYS to include the prevention of delinquency; the provision of incentive subsidies to juvenile courts; consultation and information services to non-DYS agencies; and technical assistance to local communities.

The Division of Youth Services serves youths ages 12 to 17 who have been adjudicated as status or delinquent offenders. Sentences are indeterminate, and most youths are assigned to a facility until they are approved for return to their homes under supervision of DYS' aftercare program. DYS operates several programs with varying levels of security throughout the state, including group homes, park camps, specialized residential programs and non-residential community-based programs. Other services include case management, intensive case monitoring, proctor care and family therapy.
